

# Humanitarian Partnership Conference

## 2015

**IAWG**  
Inter Agency Working Group  
on Disaster Preparedness for East and Central Africa

The Humanitarian Partnership Conference (HPC) seeks to professionalize and strengthen links between universities and NGOs regionally and provides a forum for thematic discussions on NGO, university, donor, corporate and government partnerships in humanitarian action.

HPC 2015 will bring together regional academic institutions, experienced NGO practitioners, players from the public and private and sector to focus on how the humanitarian sector needs to engage with:

- 1. The private sector in delivering effective humanitarian interventions, while observing humanitarian principles.*
- 2. Academia, in maximizing the opportunity to improve the quality of training and research in the humanitarian sector.*
- 3. Micro-enterprise initiatives, especially in the first phase of response.*

HPC provides an opportunity for stakeholders from various sectors to meet, network and discuss on the latest innovations in partnerships for effective humanitarian assistance.
